Lewis Bechtold, Owner

Uptown Antiques is a gallery of historic decorative art, featuring furnishings and objects of local origin and around the world including mid-century vintage to fine antique. We also offer appraisal, dispersal and location services. Our 1840 Federal era building at 352 North Queen Street is one of a few unique earlier commercial properties remaining in operation within the City. We take great pride in helping to keep our past alive by encouraging display of historic relics and artwork.

Thank you,
