The Common Wheel, a nonprofit bike shop, was founded in 2014 by Brad Copeland and Chris Caldwell. After winning the first Great Social Enterprise Pitch and rehabbing the unused pump house in Reservoir Park, TCW works to transform our community through the power of bikes. In 2018, TCW opened up a second location on the 300 block of North Queen Street. With programming such as Bikes for All, Earn-a-Bike, Youth Bike Workshop, and Womxn on Wheels, TCW strives to make bicycle culture accessible and fun for everyone.
