Space is an eclectic shop which features both vintage and new merchandise. We specialize in retro/mid-century modern wares including furniture, lamps/lighting, glassware, pottery, bar ware, and misc. home decor items. In addition, we also sell a variety of men's and women's clothing and accessories including cuff links, watches, sunglasses, hats, and more. The items sold here are carefully chosen for their unique, distinctly modern, flair and style. We pride ourselves on offering some of the best mid-century items that downtown Lancaster has to offer at reasonable prices.

Space is owned and operated by Jesse Speicher, a 15-year veteran of the antiques & collectibles community. A passionate collector and resident of Lancaster City, Jesse is proud to be a part of the vibrant retail scene in downtown Lancaster. In addition to Space, he also sells in three local antiques malls and on eBay. Please see the links section for more information.

Space recently moved to a new location at 24 W. Walnut Street to transform into a vintage modern warehouse that has allowed us to greatly expand our mid-century furniture inventory as well as art, glassware, barware, lighting, and lots more. There is always something groovy happening under the revolving disco ball at the new expanded Space. So, come in and explore. Discover that perfect vintage piece for your décor.
